Please note our Picture News sessions also support all areas of British Values and are covered over the year.								
Please note our RSHE curriculum will also support British Values.								

The DfE have recently reinforced the need *“to create and enforce a clear and rigorous expectation on all schools to promote the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs”*.

The government set out its definition of British values in the 2011 Prevent Strategy, which was designed to prevent the extremism and religious radicalisation of young people.

The promotion of British values is central to Catholic education because British values have their origin in the Christian values of our nation. *“We are proud that Catholic schools promote values that are both Catholic and British. Our schools promote cohesion by serving more ethnically diverse and poorer communities. Catholic schools provide high standards of education which are popular with parents from all social, economic and faith backgrounds”* – Paul Barber (Catholic Education Service 15th December 2014)

At St Peter’s Catholic Primary School we uphold and teach pupils about British Values which are defined as:-

- **Democracy**
- **Rule of law**
- **Individual liberty**
- **Mutual respect**
- **Tolerance of those of different faiths and beliefs**

These values are taught through our Religious Education and also through our broad, balanced curriculum.

At St Peter’s we have regular collective worship. We also have democratic structures such as our elected School Council.

The values are reinforced regularly in the following ways:-

Democracy

Democracy is important here at St Peter's and pupils have the opportunity to have their voices heard through our School Council. Members of the team are elected based on pupil votes. Votes may also be used by a class when deciding, for example, which book to read.

Pupil voice is also heard through "Pupil Conferencing"; events such as the annual "Anti-bullying Week"; the whole school pupil survey on safety and behaviour.

The school also seeks opportunities on offer such as a visit from our local MP.

Meanwhile in the curriculum children learn about the origins of democracy when learning about the ancient Greeks.

The Rule of Law

Pupils at St Peter's are taught about the school rules from an early age. These include golden rules, playground rules and safety rules. We teach our children the reasons behind rules and laws; that they are there to protect and govern us. Pupils are also taught about the consequences of breaking the rules.

To encourage and promote good behaviour we have a reward system which is followed throughout the school. Rewards include praise, Bee-more stamps, stickers, certificates, postcards and phonecalls home.

Our 'Golden Rules':

file:///T:/5SUBJECTS/BritishnessandSafeguarding/BritishnessOverviewStPeter'sOverview.docx

- Everyone has the right to feel safe
- Everyone has the right to be respected
- Everyone has a right to learn

Individual Liberty

Pupils here at St Peter's know that they are in a safe, secure and supported environment and this encourages their self-esteem and self-confidence to develop. They are encouraged to make choices and to know, understand and exercise their rights and personal freedoms, and how to exercise these safely through our RSHE and E-Safety lessons. One of our values here at the school is to provide an environment in which the Christ is at the Centre of all we do. Seeing the face of Christ in each other affects our interactions. We are respectful, kind, forgiving, accepting and reasoned. We promote the full potential of each child through a curriculum which develops spiritual, academic, social and emotional growth.

Mutual Respect

Mutual respect is at the heart of our values here at St Peter's. Children learn that their behaviours have an effect on their own rights and those of others. All members of our school community treat each other with respect.

Tolerance of Those of Different Faiths and Beliefs

Our Religious Education lessons reinforce messages of tolerance and respect for others.

We view RE as a core subject and part of the RE programme of study is other faiths. During our annual inter-faith week in November, the children explore and compare other faiths through literature, food, art, and other experiential activities.

L.O - To understand there is a world religion called the Sikh faith.
 To recognise it has its own important symbols.
 Choose 1 of the 5 K's of Sikhism and write a caption to describe it

The kesh is sikhs very long hair. Sikhs believe that their kesh is a gift from God so they keep it clean and uncut. Some times sikhs choose to wear a turban on their head to keep their kesh safe. Sikhs comb their kesh twice a day.

Here at St Peter's School we want our pupils to be proud of their British heritage. The cultural and historic traditions of this country are renowned throughout the world. We celebrate festivals such as Harvest, Christmas and Easter and recognise occasions such as Remembrance Day. Classes use the BBC children's websites to watch and discuss relevant current news videos and topics in an age appropriate format. Our subscription to news magazine "The Week" also supports this. Topics covered in discussions often include matters of politics, British tradition, democracy and aspects of other faiths and cultures. We hope that our children will become good citizens and will respect all others regardless of any differences.
