

Supporting Maths in Year 1

Children should be fluent with their number bonds to 10.

10 = 1+9 2+8 3+7 4+6

5+5 6+4 7+3 8+2 9+1

Please use Numbots to practice elements of fluency within maths

We want the children to be fluent in these addition and subtraction facts by the end of year 1.

And here are the corresponding subtraction facts.

Multiplication and Division

Children need to be confident counting forwards and backwards in 2,s 5,s and 10,s

You can use anything you can find at home to support counting in groups of these amounts.
