

Supporting Reading in Year 3

Help your child to read their phonics-leveled reading book as often as possible. A few pages a day will help. Refer to the guide pages at the front of the book for key learning points. Record any reading in their reading journal.

Read fun, interesting and inspiring books together to foster a love of reading. Read for pleasure. Use SORA for free access to book and audiobooks. Your child has been given a login.

Together, read books beyond your child's reading level. This will expose children to high-quality, diverse vocabulary and writing styles. Refer to the SLS (School Library Service) website for ideal books for 7-8 year olds.
