

Travelling to and from St Peter's School

Travel to and from St Peter's can be challenging at times – we have a large catchment area compared to most primary schools (covering Sutton Scotney to Otterbourne and Stockbridge to Alresford), thus not as many pupils live within walking distance of school. We are located on a dead end road with **only approximately 37 on street parking places!**

Traffic and road safety is a real concern for our school. Please think carefully about bringing a car into the school road and about the risks to your child's or other children's safety by being impatient. Please also think about the pollution caused by bringing a vehicle into the school road and pollution from **IDLING** vehicles. Our no.1 priority is the safety of our children. **'Zig-Zags'** MUST be kept clear for the safety of children and **'Emergency Vehicle Access'** MUST be feasible at all times.

Our school has three entrances onto OBRN - two for the turning circle and one near Little Fishes. The zig zags for the three entrances are for safety and emergency access. There are **ONLY FOUR SAFE PARKING SPACES between Fairfax Close and the end of the zig zags at the Little Fishes driveway** (*these are clearly visible between the zig zags and are on the school side of the road*). To ensure safety and emergency vehicle access to St Peter's school and other properties in the road, **the non-school side of OBRN between Fairfax and Little Fishes is safest clear of vehicles. It is safest not to park opposite St Peter's zig zags.** This will also ease traffic flow.

Please think carefully about others before parking in OBRN and consider **'Could a Fire Engine pass by if I park here?'** and **'Can a child cross the road safely if I park here?'**

Please take the time to look through the travel documents below on our website. These have been prepared with the Hampshire County Council travel team, and help make travelling to school easier for us all.

ROAD SAFETY GUIDANCE

road-safety-guidance-jun-19.pdf [Road Safety Guidance for our Children & their Carers] - *our short one page bullet point list of school specific road safety guidelines to help keep us safe!*
